

Position Description

Title: Controls Engineer
Reporting To: Director, Engineering Services
Division: Electric & Controls
Location: Calgary, Alberta

Tarpon is searching for a Controls Engineer to join our Engineering Services team in Calgary, Alberta. The Controls Engineer will provide engineering services to the Tarpon Energy Services Ltd. Engineering Services group. This individual must be able to take initiative, set priorities and be able to produce an industry standard electrical drawing package efficiently.

Duties and Responsibilities

- Assists the Engineering Services group with instrumentation/controls engineering/technologist duties.
- Prepares documentation and drawing packages required for the construction of oil and gas facilities.
- Works with management to implement effective and productive task methods/procedures.
- Prepares P&ID's, PFD's, instrument data sheets and controls systems.
- Develops control narratives and system architectures.
- Provides assistance and mentorship to a team of instrument designers and technicians.
- Works closely with other departments within Tarpon Energy Services Ltd.
- Effectively communicates with clients, vendors, sales representatives, senior management and engineering staff.
- Keeps informed on new related technologies and methods.
- Performs other related duties as required by management.
- Complies with standards and procedures of Tarpon's Health & Safety Manual and Occupational Health & Safety Regulations.

Skills, Abilities and Educational Background

- Bachelor of sciences or engineering degree majoring in Instrumentation/Controls or Senior Instrumentation Engineering Technologist (CET).
- Registration with APEGGA is an asset but not necessarily a requirement.
- Prior supervisory/leadership experience.
- Competent skills in MS Office (Excel, Word, Power Point, Outlook).
- Field experience in the oil and gas industries would be an asset but not necessarily a requirement.
- In-Tools experience would be an asset.
- Ability to work in a team environment.
- Exceptional time-management skills, ability to prioritize and execute multiple tasks quickly.
- Exceptional organizational skills.
- Must have own transportation as location is not accessible with public transportation.

Compensation

Tarpon offers a very attractive compensation package that includes a competitive salary and a full benefits plan that is effective on the first day of employment. Tarpon has an open and team-oriented culture that focuses on communication, integrity, innovation and respect. Employees take pride in their work and are the single most important reason why Tarpon offers superior customer service.
